Dear Parent/Guardian,

As per the Privacy Act, any photos or video taken by professional photographers or the school that are intended for publication e.g. local newspapers outside the school will require individual permission or release forms signed prior to publication.

Your child is participating in our whole school Production this year and will be filmed by an external company and the DVDs sold to the Kismet community. If you do not give permission for your child to be filmed unfortunately they will not be permitted to participate unless suitable arrangements can be agreed upon with the Principal.
